
Institutional Reporting and Disclosure Requirements

APPENDIX F

This appendix provides postsecondary educational institutions with a comprehensive summary of reporting and disclosure requirements related to the Higher Education Act (HEA). In general, reports are submitted to the Department of Education, and disclosures are made to students and the public. However, in some cases—for example, the annual security statistics—information must be provided to both as well as to the institution’s faculty and staff. This summary lists the reports and disclosures, their statutory and regulatory authority, a description of what is required in each report/disclosure and other pertinent information, the due date, the method of transmittal or distribution, and the recipient of the report/disclosure. The publication of this document complies with section 482(e) of the HEA, which requires the Secretary to provide institutions with a “compliance calendar” of all reports and disclosures required under the HEA. **Note:** See the HEA Table of Contents, Appendix G of the FSA Handbook, for the sections of the U.S. Code that correspond to the sections of the HEA referred to in this appendix.

Important: Any omission in this document does not relieve institutions of any Title IV requirement. Also, this document is not intended to provide complete guidance about implementing the requirements listed. For more instruction on that, see the pertinent regulations as well as the appropriate volume and chapter of the Federal Student Aid Handbook.

UPDATES FOR 2016–2017
